June 2010

Dear Parents,

Each student from 6th – 8th grades must complete a journal which outlines the novel. Journals must be neat, bright and colorful and should reflect three months of work. Specifically, journals must include the following:

- A cover page with title, author and a drawing representing the book
- Table of contents which reflects the journal entries
- An “About the Author” page which gives information about the author of the book
- A summary of each chapter which may also contain vocabulary word, points of interest and/or questions about the chapter

In September we will then discuss in detail the characters, plot formation setting and conflicts of the book.

Yours In Christ
Mrs. Widmann

Literature Teacher, Junior High
